1) Name :

Student Name	Expected Output	Displayed Output
Jay Dobariya (Not NULL)	Valid Input	Valid Input
NULL	Invalid Input	Invalid Input (Message – Enter Valid Name)
Length > 20	Invalid Input	Invalid Input (Message – Length of the name field should be less than 20 Characters)

2) Mobile Number :

Mobile Number	Expected Output	Displayed Output
10 digits number (9824929996)	Valid Number	Valid Number
Less than 10 digits number (9824929)	Invalid Number	Invalid Number (Message - Invalid phone number. Please enter a valid Indian phone number.)
More than 1- digits number (982492999690)	Invalid Number	Invalid Number (Message - Invalid phone number. Please enter a valid Indian phone number.)
Non-numeric Digits (71jayoq800)	Invalid Number	Invalid Number (Message - Invalid phone number. Please enter a valid Indian phone number.)
Mobile Number with any special character (9825----@)	Invalid Number	Invalid Number (Message - Invalid phone number. Please enter a valid Indian phone number.)
Mobile Number with 9 digits (982492999)	Invalid Number	Invalid Number (Message - Invalid phone number. Please enter a valid Indian phone number.)

Mobile Number with 11 digits (98249299969)	Invalid Number	Invalid Number (Message - Invalid phone number. Please enter a valid Indian phone number.)

3) Password :

- At least one uppercase letter
- At least one special character
- At least one numeric
- 8-20 characters password

Password	Expected Output	Displayed Output
Jay@1234	Valid	Valid Password
jay@1234	Invalid Password	Invalid Password (Message - Password must be between 8 and 20 characters and contain only alphanumeric characters and one special character.)
jay	Invalid Password	Invalid Password (Message - Password must be between 8 and 20 characters and contain only alphanumeric characters and one special character.)
Jay1234	Invalid Password	Invalid Password (Message - Password must be between 8 and 20 characters and contain only alphanumeric characters and one special character.)
--9099898	Invalid Password	Invalid Password (Message - Password must be between 8 and 20 characters and contain only alphanumeric characters and one special character.)
Jay12345678912345678@	Invalid Password	Invalid Password (Message - Password must be between 8 and 20 characters and contain only alphanumeric characters and one special character.)

⇨ Before registering user, system will check the password and compare it with confirm password so for this procedure the test cases are as follows:

Constraints		Expected Output	Response
Password	Confirm Password		
Jay@1234	Jay@1234	Password Accepted	Password Accepted
Jay@1234	Jay@123	Both Passwords are different	Passwords are not matching !!

4) Email ID :

Email	Expected Output	Displayed Output
Correct Email Address (202101521@daiict.ac.in)	Valid Address	Valid Address
Without @ (202101521daiict.ac.in)	Invalid Address	Invalid Address (Message - Please include @ in the address)
Email ID already registered (202101477@daiict.ac.in)	Error Message	Error Message (Message – Email ID is already Registered)
Email without domain (202101521@)	Invalid Address	Invalid Address (Message - Please match the requested format)
Email Address without TLD (202101477@daiict)	Invalid Address	Invalid Address (Message - Please match the requested format)

⇨ **Canteen ID:** Anything consists of @gmail.com

ADD ITEM PAGE (Canteen Side)

Constraints :-
- ▪ Item name should not be NULL
- ▪ Item name length should be less than 20
- ▪ Item Price must be less than 1000 and positive

Item Name	Item Price	Expected Output	Displayed Output
